ABOUT ME

I am a passionate BCA student specializing in web design and app development, with a keen interest in ethical hacking. I enjoy creating responsive websites and functional mobile applications while continuously learning new technologies to enhance my skills. I thrive on challenges and aim to build innovative projects that make a real impact.

EDUCATION

2024-2027	Bachlor Of Computer Application In every person's life, there is a unique blend of dreams and struggles. Sometimes the destination seems far away, and at other times the paths become easier on their own
